**Top Experts to Share New Visions of the Industry at
Adria Security Summit**

The Adria Security Summit is thrilled to announce the keynote speakers for this year's event. This prestigious gathering, returning to Sarajevo on October 9-10, 2024, promises invaluable insights from leading industry experts. Here are the speakers and their topics:

Jacek Węglarz: Modern Challenges in the Industry and How to Overcome Them
With 9 years in the CCTV industry, Jacek Węglarz is a Technology Evangelist at Konica Minolta. He is passionate about educating others on the latest surveillance technologies. His keynote presentation will explore the modern challenges faced by the industry, such as evolving security threats and technological advancements, and offer practical solutions to overcome these issues. Jacek will also highlight the importance of staying updated with the latest trends and innovations to maintain a competitive edge in business.

Ines Cero: Protection of Critical Infrastructure and High-Security Facilities
Ines Cero established the Sarajevo office of Alarm Automatika in 2006 and has been its Managing Director for nearly 20 years. She holds a Master's degree in Crisis Management. Her presentation will cover strategies for protecting critical infrastructure and high-security facilities, emphasizing the importance of robust security measures and crisis management techniques. Ines will also discuss real-world examples and best practices to mitigate risks and enhance the resilience of these vital assets.

Boris Goncharov: The Hacking Cabinet - Real-Life Horror Stories of Cyberattacks and the Lessons Learned

Boris Goncharov is a recognized expert in information security with nearly 20 years of experience. He holds numerous industry certifications and is a sought-after speaker. His keynote will feature real-life case studies of cyberattacks, highlighting the tactics used by hackers and the crucial lessons learned from these incidents to enhance cybersecurity practices. Boris will also share insights on how organizations can better prepare for and respond to cyber threats to protect their sensitive information and systems.

Experience the Region's Largest Security Event

The 9th edition of the Adria Security Summit Powered by Intersec will be held at the Convention Center Hills in Sarajevo, the largest and best-equipped event venue in the region. This event will feature over 160 exhibitors, more than 3500 visitors, and facilitate over 5000 B2B meetings.
